In Off-Peak Hours, Golfers Pay £10 for 100 Balls—And Walk Straight Past Your Bar.

Right now, a golfer parks their car, taps £10 for 100 range balls, hits for 50 minutes, and drives home. Your kitchen, bar, and pro shop make **£0.00**. Here is how PlayGolf turns every £10 ball-hitter into a **£22+ clubhouse regular**.

• HARD FINANCIAL PROOF (£10 OFF-PEAK BASELINE)

The "1 Customer Per Day" Break-Even Rule.

Even if we assume the ultra-conservative worst case—that golfers **never** buy food, drinks, or pro shop gear, and only visit during **£10 off-peak timings**—the return is undeniable:

UPTAKE SCENARIO (OUT OF 1,000 MEMBERS)	EXTRA MONTHLY VISITS	NEW MONTHLY REVENUE	NEW ANNUAL REVENUE	NET CLUB PROFIT (AFTER £299/MO)
Ultra-Conservative (20% Uptake) — Only 1 in 5 members visits once more	200 visits @ £10.00	+£2,000 / mo	+£24,000 / yr	+£20,412 / yr (569% ROI)
Target Realist (35% Uptake) — 1 in 3 members visits once more	350 visits @ £10.00	+£3,500 / mo	+£42,000 / yr	+£38,412 / yr (1,071% ROI)
Active Facility (50% Uptake) — Half of membership active monthly	500 visits @ £10.00	+£5,000 / mo	+£60,000 / yr	+£56,412 / yr (1,572% ROI)

The Unbeatable Boardroom Equation: £299 ÷ £10 = 30 Visits / Month

Out of 1,000+ golfers using PlayGolf, you only need **ONE extra £10 off-peak visit per day** to cover the entire platform. Customer #31 to #1,000 is 100% pure profit in the club's bank account.

1 Visit / Day = £0 Cost

• BUILT-IN KITCHEN & BAR REVENUE ENGINE

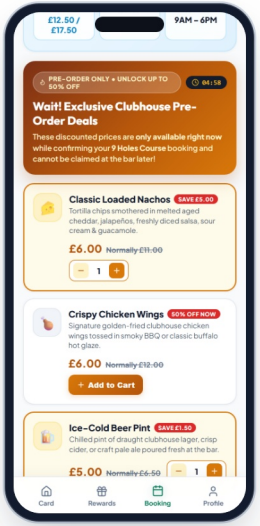

Pre-Order Food Upsells Before They Even Arrive.

The moment a player clicks **Confirm Booking** on 9 Holes, Putt Crazy, or Darts, the app presents a **limited-time online pre-order screen** with exclusive kitchen & bar deals:

- **Classic Loaded Nachos — £6.00 Now (Normally £11.00 • Save £5):** Warm tortilla chips with melted cheddar, jalapeños, salsa & guac pre-sold before they tee off.
- **Crispy Chicken Wings — £6.00 Now (Normally £12.00 • 50% Off):** High-margin kitchen favourite that brings groups straight to the clubhouse table after their round.
- **Ice-Cold Draught Beer Pint — £5.00 Now (Normally £6.50):** Guarantees bar footfall—and nobody ever stops at just one pint when sitting with their group.

Instant Basket Lift: £12.50 → £23.50+ (+88%)
Adding just Nachos (£6) and a Pint (£5) nearly doubles the transaction before they park their car.
